Welcome to Feel Oil - Your Source for Premium Quality Essential Oils and Natural Products

We as have expressed a desire to establish a small-scale oil supplier that offers a valuable product of 100% quality and is accessible to every corner of India and the world. Having seen our family involved in business since childhood, we sisters have always aspired to establish our own unique identity.

Our product is 100% organic and pure without using any prohibited substances or preservatives or any other excluded methods. A vegetable edible oil with rich saturated fat with a mild aroma and flavour.

Traditional Ghani technology

Feel Oil is extracted using the traditional woodpressed method without using heat to retain its pure essence and nutrients, bringing the authentic test and aroma of nature's beauty in abundance.

Wood Pressed Coconut Oil

Coconut oil holding a reserved place in ancient Ayurveda form originated over 5000 years ago emphasizes balance between the body, mind, and spirit. Coconut oil has a remarkable therapeutic properties and multi-faceted benefits. In Ayurveda as "Sarvam Tailam," which translates to "oil that is useful for everything".

Benefits

Nourishment for Skin

An antioxidant rich in vitamin, repairing your skin and keeping it hydrated, moisturized and suppleness.

Nourishment for Hair

When applied to the scalp and hair, coconut oil supports healthy hair growth and helps balance excess heat in the body.

Digestive Support

Is light and easily digestible makes favourable for cooking. Beneficial for pacifying Vata and Pitta doshas, and promote healthy digestion and nutrient absorption.

Oral Health and Oil Pulling

Is practiced and believed to purify the mouth, promote oral health, and even support overall detoxification. Coconut oil's natural antimicrobial properties make it a valuable ingredient in this age-old ritual.

Why Choose Us

Feel oil takes great pride in being a reliable supplier of premium essential oils and natural wellness products. Our unwavering dedication to upholding exceptional standards and ensuring customer contentment distinguishes us from our competitors, rendering us the favored option for numerous patrons across the globe.

Both **Coconut and Almond Oil**
is used for all age groups

Wood Pressed Almond Oil

From ancient civilizations to modern times, almond oil's versatility and effectiveness have stood the test from time of time. Almond oil has numerous therapeutic qualities, cherished for centuries as an essential ingredient in promoting balance and well-being for body, hair and digestive system.

Benefits

Natural hair growth & scalp care

Helps to strengthen hair strands, reducing breakage and promoting overall hair resilience, giving your hair a healthy and glossy appearance. Nourish hair follicles, blood circulation, promote hair growth.

Easy Absorption

Almond oil's quick absorption ensures that your baby's skin doesn't feel greasy after the massage. This makes it a comfortable choice for both parent and baby.

Controls anti-aging & Skin tightening

Almond oil's antioxidant content reduces fine lines, wrinkles, and age spots, while its moisturizing properties enhance skin elasticity, promoting a tighter, lifted appearance.

Pigmentation and Scars

Almond oil stands out as a natural and effective solution to tackle the pigmentation and scars and repair of damaged tissue.

Protection from UV rays

Rich in vitamin E, and antioxidant that helps to neutralize free radicals caused by uv radiation.
